

Goethe and the Power of Rhythm: A Biographical Essay

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Adonis Press. Paperback. Book Condition: new. BRAND NEW, Goethe and the Power of Rhythm: A Biographical Essay, John Michael Barnes, 'I also know that I appear to the world as one who has built a ship atop a high mountain, thousands of miles distant from the ocean; but the waters will rise, and my ship will float and sail.' -- Goethe In fresh and spirited prose, John Barnes offers a captivating introduction to the life of Goethe as an inspiration for our times. He traces a powerful 18.6-year rhythm in Goethe's biography, showing how his creative genius unfolded through repeated periods of crises and renewal. The fact that this rhythm corresponds exactly with cyclical movements of the earth and moon suggests a strong connection between the life of Goethe and the pulsing life of nature. Goethe considered his participatory approach to nature to be his finest achievement in life, a contribution only now beginning to be appreciated as scientifically significant. Barnes focuses on Goethe's development as a scientist, in the end applying Goethe's own scientific method to his unfolding biography. In doing so, a remarkable archetypal lawfulness is revealed. Goethe's life and work inspire us to deepen our own connection to nature and to the pulsing rhythms of our lives. In light of the crises we face today, Goethe appears more than ever as a forerunner of a possible healing culture of the 21st century.
